

Avoiding conflicts of interest

Project Title	Avoiding conflicts of interest
Project Summary	Help scientists avoid conflicts of interest with companies that lease Federal land for coal, oil and gas exploration and development.
Country	United States
Agency	Geological Survey
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	2

Project Description

We will introduce students to Department of the Interior information and coal, oil and gas leasing data from the Bureau of Land Management (BLM) and the Bureau of Ocean Energy Management (BOEM). The final product you will create will be used throughout the U.S. Geological Survey to determine which personal financial investments must be avoided by scientists, science support staff, and their immediate families. We want your expertise.
